Education

2026–Present	Institute of Computing Technology, Chinese Academy of Sciences Master’s Student State Key Laboratory of AI Safety
2022–2026	University of Chinese Academy of Sciences Rank 3/87 Computer Science and Technology (Bachelor’s); Dual Degree in Mathematics Lab on Design and Analysis of Algorithm: <u>100</u> Lab of Operating System: <u>100</u> Discrete Mathematics: <u>98</u>

Research Experience

2024-Now	Insttute of Computing Technology, CAS. Studying tool-use decisions in LLM agents and uncertainty estimation in LLMs. By utilizing activation vector representations from intermediate layers of LLMs and applying meta-learning methods, we constructed a prefix vector to enhance the ability of LLMs to output truthful information. To evaluate the performance and stability of LLMs under knowledge editing, we employs a Multi-Hop QA dataset to assess their capability in utilizing edited knowledge.	Advised by Prof. Fei Sun
----------	---	--------------------------

Publications and Preprints

ICLR 2026	Wanli Yang, Rui Tang , Hongyu Zang, Du Su, Qi Cao, Jingang Wang, Huawei Shen, Xueqi Cheng, Fei Sun. <u>Fine-tuning Done Right in Model Editing</u>
ACL 2026	Hexiang Tan, Wanli Yang, Junwei Zhang, Xin Chen, Rui Tang , Du Su, Jingang Wang, Yuanzhuo Wang, Fei Sun, Xueqi Cheng. <u>BaseCal: Unsupervised Confidence Calibration via Base Model Signals</u>

Projects

2023.12	Gomoku AI A C programming coursework project implementing human-computer Gomoku gameplay. Innovative data structures optimized search algorithm efficiency. Concurrently employed genetic algorithms for autonomous parameter tuning.
2021.2	Complex Variable Function Visualization Software A software capable of parsing arbitrary mathematical expressions that visually renders complex-valued functions through chromatic mapping, elegantly illustrating domain-to-codomain transformations within the complex plane.

Awards

2026	Beijing Outstanding Graduate	
2025	National Scholarship for Undergraduates	
2024-2025	International Collegiate Programming Contest (ICPC) Asia Regional Contest	Silver Medal ×2
2024-2025	China Collegiate Programming Contest (CCPC) Regional Contest	Silver Medal ×2
2024-2025	Academic Scholarship	First Class (Top 5%) ×2
2024	The Mathematical Contest in Modeling	Honorable Mention
2021	National Olympiad in Mathematics in southeastern China	Silver Medal

Skills

Coding	Shell, Python, C, C++, C#, Matlab, Unity, PyTorch
Tools	SSH, Git, Vim, Docker, LaTeX, SQLite, Blender, AutoCAD, BeautifulSoup, Selenium
Data Analysis	Matlab, Pandas, Matplotlib
Web	Nginx, Streamlit, Flask
Languages	Chinese — Native English — Fluent CET4: 664 CET6: 564
